If you are not then satisfied, you may send your appeal with all the supporting documents and not more than one additional page of comments to the Appeals Coordinator within 15 days of the action taken. as a H/P (General Population) Prisoner. Lieutenant Webster  
 willfully disregarded my constant demand for my  
 safety by both Prison officials and the in-  
 mate Population. I am constant fear of my  
 life every second at each passing minute. I am  
 not able to remain stable due to this decision  
 by the Prison officials. I am respectfully  
 requesting that this Court please intervene  
 because of my constant cry for help. I feel  
 as though my life has been taking away from  
 me. This decision has put inmate Jacoby Marquez, P#8482,  
 and my life in great danger along with the entire  
 Prison Population.

because I have safety concern that has not been address.

Please do not consider moving me from ad-seg due to my safety concern. Please not only refer to the CDC CCR appeal form letter or about August or 2005 or September at 2005 but make sure that I receive a copy of this document. There are only about four safe houses within the California Department of Correction Rehabilitation and I believe ad-seg is one of that house. But here is the problem with this so-called California Department of Correction Rehabilitation at my security. I must notify CSR Board, CCC Committee Board as well. I will notify not only those officials but the following; Congressman Jerry Lewis, Senator Dean Flores, Governor Arnold Schwarzenegger, The Honorable Judge Shotton Henderson, at the United States District Court, Northern District of California and the courts both in this county and San Bernardino County who are responsible for this action. I have always stated that I am a prisoner being held against my will by the co-conspirators, California Department of Correction Rehabilitation and other governmental officials. I want to remain in ad-seg until these are resolved.

because they both are vital to my situation. I am not yet sure where I wrote this "you just appear out of no where so you really are not aware of the issues that are plaguing this entire matter as to why I am here in ad-seq or otherwise". Number 4 let just say that this zcc meeting that took place at least three weeks ago is design prior to me attending this meeting. There are numerous of issues that decided before I am educated as to attend such a meeting. Yes, you have a Chair Person who conduct or monitor what is going to be done and what not going to be done and due to what I am trying to accomplish we are not on the same page. Now, here is what I am suggesting, that sensitive need "Chrisno" be rescinded immediately
